// OBJECTIVE

I am a passionate and detail-oriented Frontend Developer with a strong foundation in creating responsive, user-friendly web applications. With hands-on experience in modern frameworks like ReactJS, TailwindCSS, etc...
I specialize in transforming design concepts into seamless, functional interfaces. I thrive in collaborative environments, working closely with cross-functional teams to deliver high-quality solutions that enhance user experience and meet project goals.

// WORK EXPERIENCE

Kyky Today
September 2024 - Present

Frontend Developer Intern
Main responsibilities:
- Debug and Troubleshoot Issues: Identify and resolve frontend-related issues, including UI bugs, cross-browser inconsistencies, and performance bottlenecks.
- Use Git or other version control systems to manage and collaborate on code across development teams.
- Work closely with designers to translate visual concepts into functional web applications, ensuring consistency with design guidelines.

// PROJECTS

Personal Portfolio (April 2024 - July 2024)

Customer	Personal Project
Description	My personal portfolio that using 3D graphics library and implementing engaging animations.
